Newsletter 7th June 2018

Dear Parents, Caregivers and Whanau, Kia Orana,

I would like to personally welcome all of our new students and their families to our school and wish you a long and very happy association with us. This week we welcome Joshua Keogh - Room 1. We hope that you have made a successful start this week and enjoy the many wonderful opportunities that are on offer here at school.

I would like to congratulate every student for the outstanding effort that each of them gave at our Production last week. The show was a resounding success and certainly a highlight of the year. It was wonderful to see the students involved and enjoying themselves on stage. It was also great to see such large audiences attending at each of the shows. Thank you to all parents / caregivers for supporting the school by helping with costumes and also by attending the shows it was appreciated.

Seesaw

We are now up and running with Seesaw across the school. Your child should have, or will be bringing, a sign-up QR code to allow you to access their Seesaw account. This lets your child share aspects of their learning with you in real time and in a secure platform. It is the perfect way to start those after-school conversations about their learning, as well as keep a record of their development at school. Seesaw allows us to share photos, videos, links and docs, with added voice or animations. You can also comment and give feedback to your child about their learning.

If you haven't received the sign-up code, please contact your child's class teacher, as they manage these accounts, NOT the school office.

If you have any queries, please see the class teacher.

We look forward to having you all connected and part of your child's learning journey.

- being able to persuade and lead others.

Te Iwa o Matariki - The Nine Stars of Matariki

Tupu-ā-rangi

Tupu-ā-rangi has long looked out for the ngahere (forests), and he is deeply concerned by the collapse he is witnessing. Our native wildlife – manu (birds and bats), mokomoko (lizards), and ngārara (bugs) – are being ravaged by introduced pests and predators. As are our ancient rākau (trees) – like tōtara, pūriri, pōhutukawa and rātā. Tupu-ā-rangi encourages us to take action to help to bring our forests back to life again.

Can you name an introduced predator/pest that is threatening our forests?
